### **Colorado Home Invest, LLC, Owner**

I became an entrepreneur after many years of working for someone else and I've never been happier. My primary company, Colorado Home Invest, LLC provides affordable housing to families that earn \$50,000 to \$75,000 per year. We use value-pricing and first rate customer service so that our customers stay with us year after year. And it works! In 2017, 100% of our customers renewed their lease for another one to two years. The personal and financial rewards that I have received by building this business are endless.

Some areas I in which I would be able to help a young entrepreneur are financial guidance, organizing and prioritizing workload, presentation skills—especially to potential lenders/investors, networking, and business research. As an entrepreneur, I also simply know how to run a business!
