

**Reid K.**  
**Land Home Buyer, CEO**

I specialize in the acquisition, management, and disposition of manufactured homes (also known as mobile homes) nationwide. I'm committed to buying, selling, and renting affordable, clean, and safe housing across a variety of economically, geographically, and socially diverse neighborhoods.

I was a member of Young Americans Bank as a child and received my first credit card there. I do a lot of volunteering, but my real passion is seeing others succeed with the knowledge of how to manage their money. In addition to running a successful business, I also have a lot of expertise in technology and information systems.
