#### ***Why do you want to be a mentor?***

I believe in the power of financial literacy and that it should be available to everyone. I also have my own business ideas and am always finding creative solutions to problems!

#### ***What unique skills or expertise do you possess that would be helpful to a young entrepreneur?***

When I was 11, I started my own business that helped put me through college, so I understand the challenges and rewards of business ownership.

#### ***What do you like to do for fun? Any special hobbies?***

I am a big outdoors person, especially hiking and snowboarding!
