YouthBiz Stars Celebration

This annual gala is the culmination of Colorado's largest annual competition for young business owners ages 6-21. A premier event, Spotlight on YouthBiz Stars recognizes the incredible achievements of young entrepreneurs operating real businesses with real customers and real profits.

Each year we scour the state for creative and motivated entrepreneurs. An independent judging panel evaluates the applications based

on the execution of their business plans. The judges select one winner and two finalists in each age category who are then recognized at the event.

Finalists and winners receive a check to help them further their business goals. Additionally, winners receive the special opportunity to be paired with a Presenting Mentor, a distinguished entrepreneur or business person dedicated to furthering the success of tomorrow's business leaders.

Young Americans Center for Financial Education

Young Americans Center for Financial Education is a nonprofit organization committed to developing the financial literacy of young people (up to age 22), through real life experiences and hands-on programs. Educating more than 64,000 youth every year, we fulfill our mission by offering programs that complement and reinforce each other to build life skills, work skills and financial

self-sufficiency. These include Young AmeriTowne, International Towne, Money Matters classes, YouthBiz, summer camps and more. In addition, Young Americans houses the only real bank in the world for young people, Young Americans Bank, which shares the same educational mission: teaching children the merits of financial responsibility and self-sufficiency.
